MAR 1 1914

WHOLESALE PRICE LIST

of the

FRASER NURSERY COMPANY

INCORPORATED

HUNTSVILLE, ALABAMA

FALL 1914

FOR NURSERYMEN AND DEALERS ONLY

IMPORTANT!

This list is intended to reach only those entitled to Wholesale Trade Prices. Errors are sometimes made, and in order that our mailing list may be corrected, we will thank any one in the trade to advise us should they have knowledge of our list reaching parties not so entitled.

DO WE HAVE YOUR NAME AND ADDRESS CORRECT? Occasionally we find that we are mailing a copy of our list to a nursery and another to its proprietor, under the impression that they are separate and distinct. You can have as many copies as you want and ask for, but we would like to have the business name and owner's name together on our lists for mailing, and shall be very grateful for correction of such errors in address.

TO THE TRADE

Herewith, our annual Wholesale Trade List, larger and more complete than before.

It would be hard to single out for special mention any particular items that have reached greater perfection than the offering as a whole. The full line is well up to the mark of Huntsville quality as will be noted from the illustrations shown on the following pages. We have not selected our best stock to show off. If space permitted us giving an illustration of each separate item listed you would find the same quality throughout.

Following the severe drouth of early summer we have had splendid growing conditions for the past ninety days and could not wish for more vigorous, thrifty, well grown stock than we now have to offer.

With the great nations of Europe involved in war and the air filled with conflicting rumors, it is impossible to venture any opinion as to the probability of the usual quantity of imported stock reaching this country during the coming season, but the impression seems to prevail among those best informed that the supply from the other side will be cut off. This would naturally cause a shortage and increased prices in several lines. Without assuming the role of prophets we feel safe in saying that NOW is a good time to buy nursery stock.

As usual we will issue lists showing surplus stock at frequent intervals throughout the shipping season. We have an especially fine assortment of American grown transplanting stock, fruit tree seedlings and scions which cannot be shown in this list, but which will be fully covered in the surplus sheets later. Anyone interested may have our list, samples and prices on request.

With increased facilities for handling your business and on the strength of our established policy of "A square deal and full value for all" we solicit your orders during the season 1914-15.

Yours very truly,

FRASER NURSERY COMPANY

HUNTSVILLE, ALABAMA

TERMS OF SALE

CASH or satisfactory reference, with sufficient time to investigate before shipment, is invariably required of parties unknown to us. To responsible, prompt paying parties, we will extend usual time for payment.

REMITTANCES should be made by Draft on New York, Chicago or St. Louis, or by Express or Postal Money Order.

CLAIMS for damages or deficiencies to receive consideration must be made promptly upon receipt of goods.

RATES apply as follows: When 10 trees and not over 50 are ordered, the price will be 2½ cents per tree more than the price per 100. Orders for 50 trees or more up to 300, when not less than 10 trees of each variety, will be charged for at the price per 100. Orders for 300 trees or more, when not less than 10 trees of each variety, will be charged for at the price per 1000.

TELEGRAMS—Use Nurserymen's Telegraphic Code, copy of which we will mail upon request. In connection with this we give a cipher word in *Italics* for each grade. When this cipher word is used either in mail or telegraphic orders no other description of the stock desired is necessary.

PACKING—We believe we excel others in the manner of handling stock. This is due largely to personal experience and supervision. We pack to insure contents from drying or freezing, even though the shipment be delayed in transit.

The cost of new boxes, well made, to be added as follows:

30 x 30 x 7½ to 9 feet	\$2.50	18 x 24 x 7½ to 9 feet	\$1.75
24 x 30 x 7½ to 9 feet	2.25	18 x 18 x 7½ to 9 feet	1.50
24 x 24 x 7½ to 9 feet	2.00	15 x 15 x 7½ to 9 feet	1.00

In packing small stock we can sometimes use goods boxes that will fill the purpose just as well as our own new cases, and there is considerable saving by so doing. Goods boxes will be used wherever possible, unless otherwise instructed.

Bales 25 cents to 75 cents, according to size.

SHIPMENTS—When ordering, please state plainly whether freight or express shipment is desired, and give route if by freight. In the absence of this information we will use our best judgment without assuming any responsibility as to delivery. Goods are at purchaser's risk and cost after delivering to the forwarding company. Under the new Parcel Post system we are often able to forward small packages for less than the rates charged by express companies. Parties desiring to secure the benefits of Parcel Post should include sufficient for postage in their remittances; the difference, if any, will be refunded promptly.

GUARANTEE—We are very careful to keep each variety true to name as labeled, and are ready at any time to replace, on proper proof, any that may prove otherwise, free of charge, or refund the amount paid, but it is mutually agreed between the purchaser and ourselves that we shall at no time be liable for an amount larger than the original purchase price.

CAUTION—All orders are accepted upon the condition that they shall be void should any injury befall the stock from frost, hail, fire or other causes beyond our control.

REFERENCES—Any Bank or Business House in Huntsville, Alabama, or either of the Mercantile Agencies.

LONG DISTANCE TELEPHONE IN OUR OFFICE.

* * * NEW YORK, May 18th, 1914.

Gentlemen:

Yours of the 16th inst. is received and we give you an order as follows for delivery the coming Fall or next Spring when we shall require.....

We could have bought at less figures than yours but we were so pleased with the grading we got from you this Spring that we feel it will be to our advantage to pay you a little more for what we require in this car.

SOME OF THE NEWER ROSES OF MERIT

ALBERIC BARBIER.—H. W. Creamy-white with canary-yellow center; buds of orange-yellow. The flowers are semi-double in immense clusters.

BLUMENSCHMIDT.—T. A wonderful yellow rose. Pure citron-yellow; outer petals edged tender rose.

CLIMBING AMERICAN BEAUTY.—H. C. This rose, a seedling of American Beauty, undoubtedly has a great future. Same color, size and fragrance as the parent plant, with the advantage of climbing habit; good foliage and better blooming qualities. Perfectly hardy.

ETOILE DE FRANCE.—H. T. A brilliant shade of clear red-crimson velvet, centering to vivid cerise; remarkably vigorous, free-blooming and hardy.

RADIANCE.—H. T. Very vigorous free grower, strong upright canes, lovely rosy pink flowers, shading to coppery red.

RICHMOND.—H. T. Pure rich scarlet: very free and continuous flowering.

WM. R. SMITH.—T. Delicate creamy-white with shadings of pink. Very vigorous grower.

DWARF, EVERBLOOMING BABY RAMBLERS

CATHERINE ZEIMET.—P. Pure snow-white double blooms in profuse clusters, with a fragrance similar to Hyacinths.

JESSIE.—P. Bright cherry-crimson color which does not fade. Splendid for pot culture.

MRS. W. H. CUTBUSH.—P. Produces in constant profusion throughout the season bright pink blooms in large trusses.

ORLEANS ROSE.—P. The showiest and prettiest of the pink "Baby" roses. This charming and dainty little variety is of beautifully rounded habit and is a huge bouquet of brilliant bloom, deep geranium red with showy center of pure white.

NURSERY TOOLS AND SUPPLIES

The Best Goods at Reasonable Prices.

The goods offered herein are selected as representing the greatest value and service for the least money. They are carried in stock primarily for our own use, and in offering to supply our friends and patrons we do so with the belief that they will find, as we have, that each article meets satisfactorily all requirements of the purpose for which it is intended. We do not list anything that we have not fully tested out by daily use or cannot recommend most highly. We make prompt shipment as orders are received.

KNIVES, Grafting

F. No. 1—Grafter:

3½-inch handle, 2½-inch "sheep foot" blade. Holds a fine edge in grafting and makes a very serviceable knife for general use in the nursery. Price, 25c each, \$3.00 per dozen, prepaid; \$2.75 per dozen, not prepaid.

F. No. 2—Grafter:

4-inch handle, 3-inch blade of finely tempered steel. Much heavier and stronger than the above, and is a splendid all round knife for heavy work. Price, 35 cents each, \$3.50 per dozen, prepaid; \$3.25 per dozen, not prepaid.

KNIVES, Pruning

Fraser's Special Pruner:

Three-inch "hawk-bill" blade, five-inch stationary wood handle tapering to fit the palm comfortably, blade rivetted firmly to handle and rivets covered by one-inch brass ferrule to give the joint strength without bulkiness. Light, strong, keen and durable. The best knife we know of for "cutting back" and heavy pruning. Price, 35 cents each, \$3.75 per dozen, prepaid; \$3.50 per dozen, not prepaid.

KNIVES, Budding

Wostenhom's IXL Ivory Tip:

Made by the famous English cutlery firm and generally conceded the best budding knife made, so that no further comment is necessary. Price, 75 cents each, \$8.00 per dozen, prepaid; \$7.75 per dozen, not prepaid.

F. No. 3—Budder:

Stationary handle budding knife with blade of splendidly tempered steel. The blade has just the right "pitch" for budding, and this style is preferred to the folding knife by many budders. Price, 25 cents each, \$2.50 per dozen, prepaid; \$2.25 per dozen, not prepaid.

PRUNING SHEARS

F. No. 5—English Pattern:

Nine inches long, full polished steel handles and hook; blade specially tempered steel; polished steel bolt and ratchet nut; double brass flat springs; end handle catch. A good, strong, "easy

NURSERY TOOLS AND SUPPLIES—Continued

springed" shear that will not tire the hand and is capable of long, efficient service. Price, including one extra blade, \$1.60 per pair, prepaid; \$1.40 per pair, \$15.00 per dozen, not prepaid.

F. No. 6—California Pattern:

Nine-inch, with ratchet tightening nut, blued steel handles and hook, polished steel blade of good quality, blued steel nesting coil spring, end catch for handles. Not as good shear as No. 5, but well worth every penny of its price. Per pair, 60 cents, prepaid; 45 cents per pair, \$5.50 per dozen, not prepaid.

AMES NURSERY SPADE

Standard among nurserymen. D-handle, square point blade, tapering from 7½ inches wide at heel to 5½ inches at point, 12¾ inches long. Handles re-enforced with double steel straps entire length. Weight about 9 pounds. Price each, \$1.50; per dozen, \$18.00, not prepaid.

BURLAP

The price of new burlap being "out of reach" again, we have stocked up this year on a first class second-hand burlap which we have used several years heretofore, and which has always been very satisfactory. This burlap runs in various lengths and pieces, but is all fine, clean, strong stock and for baling, etc., is just as good as brand new burlap. Stock is put up in bales of about 500 to 600 pounds, and will run about two yards to the pound. Price in bale lot, 6¾ cents per pound; less than bale, 7¼ cents per pound F. O. B.

WOOL TWINE

Four-ply, put up in balls averaging about one pound each, packed in bales of 100 to 125 pounds. This is the best twine we know of for bunching trees and tying up light express bales. Not strong enough for large bales unless doubled. Price in bale lots, 11½ cents; less than bale, 12½ cents per pound, F. O. B.

SEWING TWINE

Flax twine for sewing up bales, put up in skeins which can be cut through in one place, making the twine just the proper length for using handily in your needles. Price per pound, 30 cents, F. O. B.

SEWING NEEDLES

Five-inch, good quality steel needles, 35 cents per dozen, prepaid; 25 cents per dozen, not prepaid.

BOX LINING PAPER

Strong, tough paper, nearly water-proof, 36 inches wide, in rolls of about 100 pounds, price per pound, 4½ cents F. O. B. (Cannot sell less than roll.)

BOX STRAPS

Average 1 inch wide, 8 inches long. Strong enough to "guarantee" the corners and middle pieces of your box from breaking loose, yet soft enough to be easily pierced by medium sized boxing nail. Not

NURSERY TOOLS AND SUPPLIES—Continued

necessary to punch holes before you start strapping your box. Price, less than 50 pounds, 5 cents per pound; 50-pound boxes, 4½ cents per pound; 100-pound boxes, 4 cents per pound, F. O. B.

LABELS

Plain copper wired, 3½-inch, 1000 to package, 90 cents per thousand. In lots of 5000 or more, 85 cents per thousand, not prepaid.

PRINTED LABELS

Copper wired and neatly printed, 2½-inch notched label. 20 cents per hundred, prepaid; \$1.00 per thousand, not prepaid. In lots of 5000 or more, 85 cents per thousand, not prepaid. Can supply printed labels of almost any standard variety of tree or plant named in our list, but will not sell less than 100 of any variety.

N. C. PEACH SEED

Our offering of North Carolina natural peach seed for this season consists of a rather limited stock of 1913 crop and a good quantity of 1914 crop seed. All are strictly first-class, small, bright, clean and sound. They run 6,000 to 7,000 seed per bushel and will germinate 95% or better. We do not have any but strictly N. C. naturals to offer.

Prices and samples of both lots sent on request.

**ONE-YEAR PEACH**

They speak a good word for our N. C. natural seed, which we use entirely
